

Technical Advancement & Professional Development Sessions

License Requirements & Continuing Education - Indiana Society Professional Engineers (ISPE)

This three-hour session will be into two parts. The first one, beginning at 1:00 pm and lasting about an hour will be a short course on the Professional Licensure Requirements & Continuing Education Rules in Indiana. Indiana Rules will be compared to those of neighboring states. A certificate worth 1 PDH will be issued for this portion and will satisfy the 1 unit required for license renewal in 2010. The second portion would focus on a discussion of what ISPE can be doing to better serve the needs of its members. The session will be given by Vincent P. Drnevich, P.E., Ph.D., Professor of Civil Engineering at Purdue University and President of ISPE.

Continuing Education for Licensure on the afternoon of August 14th.
